Moving Together to Find a Cure

Every seven minutes, someone in the United States is diagnosed with lymphoma – a diagnosis that will change their lives forever. You can *Join Our Movement* to let the more than 700,000 Americans living with lymphoma know that they are not alone. Since 2003, the Lymphoma Research Foundation (LRF) has raised almost \$19 million through its nationwide Active Lifestyle Events program. Funds raised by participants will support LRF's mission of eradicating lymphoma and serving those touched by this disease.
